# Governatooorr on Snapshot: Delegate to AI today, influence tomorrow

**Governatooorr is  
seeking Snapshot  
delegations**

## The AI Governance Delegate for DAOs

Attention Olas Community members: a unique opportunity awaits you in the realm of DAO governance. You can now use [Governatooorr](#) to delegate your tokens via [Snapshot](#), making DAO decision-making seamless and impactful.

Governatooorr is seeking holders of these tokens to delegate their voting power:

- GNO
- veBAL
- SAFE
- vCOW
- LDO
- UNI

## Why Delegate?

Delegating to Governatooorr empowers you to contribute to critical decisions without the hassle. It's your chance to be part of something bigger, driving change and shaping the future of AI-powered

decision-making.

## How to Get Started

Delegating through Snapshot is simple:

1. Visit the [Snapshot delegation page](#)
2. Type **`governatooorr.eth`** as the address into the box.
  - a. Note: you can choose to only delegate to some DAOs by toggling the "Limit delegation to a specific space" and specifying the spaces – i.e. DAOs – you want.
3. Hit confirm, follow the flow, and you've delegated to Governatooorr!

## Delegate today, influence tomorrow

Are you in? Embrace the spirit of innovation and experimentation. You can delegate your tokens today to explore the potential of AI-powered governance.
