Olas Dev Kickstart 2: Unlock Dev Rewards in a Three-Day Workshop on Mech Tools

Today, we're excited to announce the launch of Olas Dev Kickstart 2! We've heard your feedback and the course is now divided into three parts, with the aim of providing a more in-depth and manageable learning experience.

This comprehensive three-day workshop is designed to guide you through building your own Mech Prediction Tool, and give you the chance to start earning dev rewards. The workshop will be held on July 2nd, 3rd, and 4th at 1 pm UTC.

Workshop Overview

Day 1: Introduction to Mech Tools

On Day 1, we will focus on introducing AI Mechs and Mech tools, ensuring you understand the basics. We will use the Mech client to send a Mech request and receive the response.

Day 2: Start Coding your Mech Tool

On Day 2, we will start coding a Mech tool step-by-step with hands-on guidance.

Day 3: Finalizing and Minting Your Tool

On Day 3, we will finalize the tool with final touches and bug fixes. Additionally, we will demonstrate how to mint the tool on the Olas Registry. We will also cover how to integrate your tool into the Mech marketplace.

Eligibility and Benefits

This workshop is designed for developers who meet the following requirements: some Python knowledge, a basic understanding of blockchain, and familiarity with IPFS. By the end, you'll have a working mech tool and a chance to start earning dev rewards in the Olas ecosystem. To learn more about dev rewards, check out [this guide](#) and [this thread](#).

Event Details:

-  Dates: July 2nd, 3rd, and 4th
-  Time: 1 pm UTC
-  Location: Google Meet
-  Registration form: Sign up [here](#) by June 30th to get the participation link on July 1st.

Join Us!

Register now and don't miss this great opportunity! If you're a developer interested in prediction agents, this workshop is for you. Join us to be part of a community shaping the future of autonomous agents.
